ROBOT BUILDING FOR TEENS (PAPERBACK)

Cengage Learning, Inc, United States, 2014. Paperback. Book Condition: New. 230 x 184 mm. Language: English . Brand New Book. Robotics--the design and creation of robots--is one of the most exciting and fast-growing areas of technology today. Robots are essentially computers with physical bodies; they can sense their environment, make decisions, and perform actions. They come in all shapes and sizes and are being used in almost every area of society--from business and industry to science, medicine, communications, entertainment, and...

Reviews

These kinds of ebook is almost everything and got me to seeking ahead of time plus more. It really is filled with wisdom and knowledge I discovered this book from my i and dad advised this publication to learn.

-- **Sonny Bergstrom**

This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that i am sure that i am going to gonna go through once more again in the future. I am happy to explain how this is the very best book i have read through in my individual lifestyle and may be he best publication for at any time.
