Createspace, United States, 2012. Paperback. Book Condition: New. 251 x 201 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book has 108 word searches which are silly in one way or another. For example, a word might be a combination of two different animals, like rhinophant, which is part rhinoceros and part elephant. Some words sound funny (like phooey ), some words are a play on the English language (like gooder and badder ), and some words include a name as part of the word (like banJoe ). Other words are silly in yet other ways. All of the words in the same word search puzzle have something in common. A brief note at the bottom of the word search puzzle explains what is silly about each word list. In some cases, if you read the words of the word list in order they will form a wacky sentence. Solve these silly word searches the same way that ordinary word searches are solved - by finding and circling each word in the word list. Words read horizontally, vertically, and diagonally, forward and backward. Solutions are included in the back of the book so that you can check your answers. May you or your children enjoy solving these silly word search puzzles.
