Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****. Now comes with Amibroker system code for all trading systems in the book, over 60 spreadsheets of historical data and free access to my full video course (RRP\$247) How to Beat Wall Street covers everything you need to get started trading in stocks, forex and commodities. This is the perfect book for someone looking for a solid overview of how to trade, from a seasoned professional trader. Plus. 20 powerful trading system ideas are introduced that anyone can use to trade in stocks on a variety of timeframes. Note from the author: When I first wrote this book in late 2013, I created 20 trading systems and I put them to the test on historical data between 2000 and 2010. The ideas were very well received and the results are shown in this book for all to see. Since then, I have fine-tuned the systems, updated them, and also come up with more than 10 other powerful strategy ideas. Rather than update this book I decided to package these strategies as part of a much larger video series. By purchasing the HTBWS book on Amazon, I am pleased to offer you complimentary, free access to the five star course which retails at \$247 and contains over 12 hours of content. So, if you want to discover some incredible trading systems and improve your trading and investing performance, buy this book, read it, and then sign up to the video course at no extra cost to you. What you will learn: - Trading fundamentals: central banks, macro-economics, Keynes and interest rates - Trading philosophies: trend following strategies, mean reversion techniques - Famous traders: Warren Buffett,...
