Supplemented by 32 downloadable digital audio tracks offering Silvias guidance through many of the exercises, here is a definitive resource for implementing the voice as an instrument of healing and fulfillment, exploring: How to develop a practice of breath and voice, performed with consistency and imagination, where sound designs its own landscapes through the expressive power of the voice A series of sonorous yogic practices that involve subtle movements and the sustained focus of the mind in sound A gentle path for developing a voice that is fully embodied, uniquely expressive, and played like a fine musical instrument Invocatory words and ancient seed sounds that deliver explicit spiritual information for expansion of consciousness and well-being A beginning repertory of mantras and chants from many cultures that you can build on and share as you deepen your practice Techniques for vocal improvisation to engage your singing imagination and enrich your musical offerings...
