The fact that the causal galactic, universal and omni-universal forces of the Time Spiral began more than 4,000 years ago. In the section in, Moira Timms Beyond Prophecies and Predictions containing dates from the Great Pyramid calendar, I noticed that 2141 B.C. was very close to the Time Spiral date 2165 B.C. (about a .5 variance). We might think of this date as carrying a fractal of the whole story of the Time Spiral and the dimensional shift. An epic story about Orion, the Pleiades, Sirius and other celestial influences, moving in rhythmic cycles entrained to the Earth s subtle anatomy, catalyzing the planetary evolution and the dimensional shift, is contained within this one date in the Great Pyramid. The Time Spiral may well have begun in 2141 B.C., with the synchronization of the Great Pyramid with the omni-universal energies focused through Orion and the Pleiades. The pyramid was designed and oriented to directly connect with Orion, the Pleiades, and Sirius. The arrangement of the three pyramids on the Giza plateau, in which the Great Pyramid is central, exactly replicates the spatial orientation of the three stars in Orion s belt. There is some evidence that other pyramids in Egypt, when coupled with the three major pyramids at Giza, articulate a terrestrial template identical to the star pattern of Orion. The configuration of pyramids functions as an antenna to receive Orion s energies, and to attune us to the doorway to the Father Universes-higherdimensional, non-physical realms directly linked with Source-level intelligence. This doorway is in the belt of Orion, with which Giza is directly aligned.
