## Forces Motion Student Journal: From High-Speed Jets to Wind-Up Toys (Paperback)

---

By Tom DeRosa, Carolyn Reeves

Master Books, United States, 2009. Paperback. Book Condition: New. Student. 272 x 216 mm. Language: English . Brand New Book. A delightful first look at 3rd to 6th grade-level physical science! Complete with fun and easy to do activities, the book explains important concepts in easy to understand language and then helps to reinforce the educational material with activities that explore the world around us. From friction to speed and much more, this new elementary series is both creation-science based and built on National Science standards. A must-have new series from the Creation Science Institute! The Student Journal is designed not only as an interactive platform for recording the results of the activities in the main book but also provides additional information, important reinforcement for key concepts, and comprehensive skill tests.
