Complete guideline for publication fans. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Brand New Book ***** Print on Demand *****.Wisconsin is one of cycling s best kept secrets. From the tall pines and clear lakes of the north, through gently rolling central farmlands, to the high bluffs and hidden valleys along the Mississippi River, the state is laced with well-maintained secondary roads. Since 1986, when they founded the Bike Wisconsin touring company, Jane and Scott Hall have led thousands of cyclists on tours around their home state. In this book they have selected 28 of their favorite daylong cycling adventures, as well as a bonus chapter recommending their favorite rail-trails. The tours cover varied terrain and feature places of historic and cultural interest and areas of natural beauty. Each tour includes a detailed map; mile-by-mile directions; information on terrain and mileage; trip highlights; and where to find repairs and rentals along the way.
